1" - 2-1/2" Hose Size

1-1/2" - 3" Hose Size

SAFETY PRECAUTIONS

> Pressured media creates hazardous conditions. The hoses can separate with explosive force.
> 175 PSI maximum recommended operating pressure.
> Use Safety Clips or wire in holes provided on each coupling.
> Use Safety Cables to tie-off hose ends to guard against accidental separation of lines and to prevent whipping or bucking of the hose.
> Couplings, gaskets and clamps should be frequently checked for excessive wear and replaced when necessary.
